

**Workshop/Presentation Topics**

- Reaching All Students with Mathematics
- Developing Algebraic Reasoning across the Grade Levels
- Active Learning + SDAIE Techniques = Success for All
- Assessing Students' Conceptual Understanding of Mathematics

Program Consulting Author

Ms. Jeanne F. Ramos

**Secondary Mathematics Coordinator  
Los Angeles Unified School District, California**

Jeanne F. Ramos is currently a Secondary Mathematics Coordinator for the Los Angeles Unified School District, having previously served as a Mathematics Consultant for the Los Angeles County Office of Education and Co-Director of the Los Angeles County Mathematics Project. Her current responsibilities include the design and delivery of K-12 mathematics professional development dealing with curriculum, instruction, and assessment. A former mathematics teacher, Jeanne has also served as a district mathematics and bilingual specialist, a secondary school site administrator, and as the Director of Charter Schools. She is a founding board member and Vice President of TODOS: Mathematics for ALL. Her academic interests include curriculum and assessment reform in mathematics and issues of access and equity for all students. Ms. Ramos is the on-camera teacher and cowriter of a videotape series "Video Algebra." She has also served on the Mathematics Assessment Development Team for the State of California and has been a mathematics task reviewer/equity advisor for New Standards. Currently, she serves on the Standards Test in Spanish Assessment Review Panel for the State of California. Ms. Ramos is an author of *Scott Foresman Exploring Math* and *Scott Foresman - Addison Wesley Mathematics* ©2005. She is a consulting author of *Scott Foresman - Addison Wesley enVisionMATH* ©2009.
